

NEW DEPARTMENT OF OPHTHALMOLOGY AT METHODIST HIRING AT MULTIPLE POSITIONS

THE METHODIST HOSPITAL, HOUSTON

The Methodist Hospital in Houston, Texas is seeking applications for open rank academic appointments in multiple ophthalmic subspecialties for its growing Department of Ophthalmology.

The Methodist Hospital System is composed of four hospitals in the Houston metropolitan area (now the fourth largest city in the United States) and a Research Institute with a total of 1,464 operating beds and 12,153 employees.

The Methodist Hospital main Texas Medical Center campus includes:

- 950 operating beds
- 73 operating rooms
- 1,614 affiliated physicians
- 6,334 employees
- 39,525 inpatients in 2008
- 308,749 outpatients in 2008
- 40,328 emergency room visits in 2008
- More than 6,500 international patients from 79 countries in 2008
- 18 accredited (plus 2 unaccredited) residency programs with 142 medical residents

U.S. News & World Report's 2009-10 "America's Best Hospitals" named Methodist among the country's top hospitals in 15 of 16 specialties and Methodist is ranked in more specialties than any hospital in Texas. Methodist is the only hospital in Texas to earn a spot on the "Best Hospitals" Honor Roll, which includes 21 hospitals throughout the country.

In 2006, The Methodist Hospital was recertified to Magnet status for exceptional nursing.

The 2008 "Most Wired Survey and Benchmarking Study" ranks Methodist again as one of the country's most wired hospitals.

FORTUNE magazine has placed The Methodist Hospital System on its annual list of "Best Companies to Work for" since 2006. This year, Methodist ranked No. 8 on the FORTUNE list, making it the highest-ranked health care organization in the country for the second year.

Methodist's primary academic affiliate is the Weill Cornell Medical College and has affiliations with the University of Houston, Rice University, Baylor College of Medicine, UTMB, and others. Methodist currently sponsors 142 medical residents in 20 programs.

We invite applications for an open rank faculty position in the following subspecialty areas of ophthalmology:

- Neuro-ophthalmology
- Cornea and external disease and refractive surgery
- Vitreoretinal surgery
- Orbit and oculoplastics
- Glaucoma
- Medical retina
- Ocular oncology
- Uveitis

Applications should include a letter of interest, curriculum vita and names and addresses of three professional references. Salary will be commensurate with experience and academic rank and includes an attractive benefits package. If you are interested in more details regarding this opportunity, please contact:
