

Papale & Bouvier Eye Center

Cataract - Glaucoma - LASIK

John J. Papale, M.D. J. Peter Bouvier, M.D. Mary Ann K. Rubis, O.D

University of Pittsburgh
Eye and Ear Institute of Pittsburgh
203 Lothrop Street
Pittsburgh, PA 15213

Dear Evan L. Waxman, MD, PhD,

Please post and/or distribute this letter to inform your residents and glaucoma fellows of the following employment opportunity.

The Papale & Bouvier Eye Center, a leading surgical practice located in Springfield Massachusetts, is seeking an additional Ophthalmologist to join this growing practice. The practice includes 2 Ophthalmologists (Dr. John J. Papale and Dr. J. Peter Bouvier) and 1 Optometrist who oversee 16,000 office visits a year. The practice performs approximately 1,000 cataract surgeries that include new technology IOL's (multifocal and TORIC). Additional procedures performed include LASIK, PRK, ICL, corneal transplants, DSEK, and amniotic membrane grafts. Most of the surgeries are performed at a physician-owned ASC.

The office is equipped with an excimer laser, HRT, IOL Master, Matrix visual field, digital fundus camera, 2 A-Scans, 3 pachymeters, a corneal topographer, and 9 exam lanes. The team includes an excellent support staff of 4 COT's and 4 COA's in addition to 2 surgical counselors and a well-trained front office staff.

Springfield provides easy access to the best of New England. The beautiful Berkshires are less than an hour away; New York City and Boston are two hours from here, as well as the Connecticut shore and Cape Cod beaches. The suburban communities boast nationally ranked school districts and state of the art medical care is available at Baystate Medical Center, the western campus of Tufts University School of Medicine. Springfield is home to 3 colleges and a law school, and is a short drive from the Amherst-Northampton five college area. This is the perfect position for a doctor to have access to the best New England has to offer without the hassle of the daily commute.

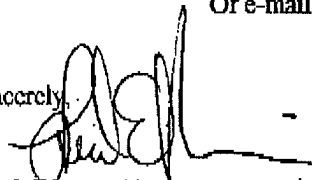

This is an excellent opportunity for a well-trained physician who wants to practice general ophthalmology and who is interested in an active surgical schedule. The practice is looking for a motivated doctor who is willing to provide world-class medicine to this lovely area of New England. We offer a competitive starting salary with incentive and partnership track. This is an excellent situation for a doctor seeking to live in New England.

If you would like more information or would like to be considered for this opportunity, please submit your cover letter and CV to the following:

Sarah Rivera
Papale & Bouvier Eye Center
