Evan L. Waxman, M.D.
University of Pittsburgh
203 Lothrop Street
Pittsburgh, PA 15213

Dear Dr. Waxman:

Central Eye Consultants and Lansing Ophthalmology are jointly recruiting a comprehensive ophthalmologist to assist in staffing the Central Eye Consultants' office in Mt. Pleasant, Michigan. The position will be available in the summer of 2011. This is an outstanding opportunity for a skilled, competent ophthalmologist who will fit well into a mid-sized community. The position is one in which a team oriented individual can become busy very quickly. We would appreciate it if you would pass this information along to anyone you know who might be interested in such an opportunity.

Central Eye Consultants is a practice currently consisting of two busy, comprehensive ophthalmologists. They practice in a modern, well-equipped office and have a well-established practice that has been in existence for over twenty years. Diagnostic tools such as a HD-OCT technology and digital photography are available. The practice is currently implementing an EMR. A full service optical business is present at the site.

Lansing Ophthalmology is a regional eye care provider that offers subspecialty services in the Mt. Pleasant area. The practice is headquartered in East Lansing, Michigan and includes fifteen ophthalmologists and eleven optometrists. It was founded nearly forty-five years ago. More information is available at www.loeye.com.

The city of Mt. Pleasant is located in mid-Michigan, approximately 65 miles north of Lansing. The area includes several championship golf courses, a casino with a four diamond resort, and specialty shopping. Outstanding outdoor recreational opportunities are readily available including excellent boating, fishing, and skiing. The area is within a 3-hour drive of every major market in Michigan and is linked to one of the largest industrial and consumer markets in the United States.

Mt. Pleasant is also the home of Central Michigan University, which has over 20,000 students and is organizing the opening of a new medical school. Central Michigan plans to welcome its inaugural class of medical students in the fall of 2012.

We would like to hear from physicians interested in exploring this position. Representatives of the practices will be at the AAO Annual Meeting in Chicago in October. Preliminary interviews can be scheduled at that time. Individuals may indicate their interest by forwarding their Curriculum Vitae to:

Charles D. Dobis, CMPE, Executive Director
