Pittsburgh, PA 15213

Dear Evan L. Waxman, MD, PhD,

The Pediatric Ophthalmology Service at the University of Iowa features a large surgical volume and clinical volume in routine and complex pediatric ophthalmology and strabismus. We are based in a large referral center and integrated into an excellent department of ophthalmology. We are also fortunate to have the Scott Endowment for pediatric ophthalmology education, which allows us to offer a very competitive salary to our fellows, as well as generous travel funding for meetings.

In order to give residents the opportunity to learn about what the Iowa fellowship offers, we are asking you to make this program brochure available to them. For more information, please contact my secretary, Vikki Bell. Vikki may be reached at 319-356-0382 or [vikki-bell@uiowa.edu](mailto:vikki-bell@uiowa.edu). Details are also available at: <http://webeye.ophth.uiowa.edu/dept/EDUCAT/PedsFellow/index.htm>

Thank you in advance for your assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Olson".

Richard Olson, MD  
Director, Pediatric Ophthalmology Fellowship
